

- [C# 101: Introduction to C#](#)
- [C# 102: Variables and Data Types](#)
- [C# 103: Operators and Expressions](#)
- [C# 104: Control Flow: if, switch, for, while](#)
- [C# 105: Arrays and Lists](#)
- [C# 106: Strings and Text](#)
- [C# 107: Collections: Dictionary, HashSet](#)
- [C# 108: Exception Handling: try, catch, finally](#)
- [C# 109: File I/O: File, StreamReader, StreamWriter](#)
- [C# 110: Namespaces and Using Directives](#)
- [C# 111: Enums and Constants](#)
- [C# 112: Interfaces and Abstract Classes](#)
- [C# 113: Classes and Objects](#)
- [C# 114: Constructors and Destructors](#)
- [C# 115: Properties and Getters/Setters](#)
- [C# 116: Methods and Overloading](#)
- [C# 117: Delegates and Events](#)
- [C# 118: Lambdas and Anonymous Methods](#)
- [C# 119: Async Programming: async, await](#)
- [C# 120: Parallel Programming: Parallel, Task](#)
- [C# 121: LINQ: Querying Data](#)
- [C# 122: Reflection: Runtime Information](#)
- [C# 123: Serialization: JSON, XML](#)
- [C# 124: Database Access: ADO.NET, Entity Framework](#)
- [C# 125: Web Development: ASP.NET, MVC](#)
- [C# 126: GUI Development: WinForms, WPF](#)
- [C# 127: Mobile Development: Xamarin, Android](#)
- [C# 128: Cloud Services: Azure, AWS](#)
- [C# 129: Security: Authentication, Authorization](#)
- [C# 130: Testing: Unit Tests, Integration Tests](#)
- [C# 131: Performance: Profiling, Optimization](#)
- [C# 132: Debugging: Debuggers, Breakpoints](#)
- [C# 133: Deployment: Packaging, Distribution](#)
- [C# 134: Best Practices: Coding Standards, Design Patterns](#)
- [C# 135: Future of C#: New Features, Roadmap](#)

Table of Contents

Table of Contents (TOC) information. The text describes the structure of the document, mentioning various chapters and sections. It includes the following items:

- Chapter 1: Introduction
- Chapter 2: Basics
- Chapter 3: Advanced Topics
- Chapter 4: Applications
- Chapter 5: Case Studies
- Chapter 6: Conclusion

Table of Contents	8373	6194
Chapter 1	1294	2236
Chapter 2	2872	2169
Chapter 3	3945	3497
Chapter 4	2978	3144
Chapter 5	1558	8165
